HIIP, HIIP, HOORAY FOR ADDITION

These pages will help you memorize your

TWO-ADDITION FACTS

When you think you know the facts all by heart, go to your teacher and do the <u>Final Test</u> on the last page.

If you get ALL right in 90 seconds, you will have

BEAT the at level

You'll get a certificate!

3 STEPS TO MEMORIZE 2+ FACTS!

型 1. Flash the Math.

Reinforce your fact-memory with flash cards

最 a. Play the Math.

Review the facts with a game

妈3. Work the Math.

Master facts with timed drills

IMPORTANT:

ath facts Kin

You need to M@M@rllZ@ addition facts.
Try not to count on your fingers, or even

in your head. Just try to memorize the facts, so you can

know them quickly and automatically.

Memorize!

1. Flash the Math. Flash CARDS

Cut out these cards along the **solid lines**. Fold along the **dotted lines** to make two-sided flash cards.

Color and decorate your flash cards.
Take your time, make them really fancy.
Think about the numbers as you color.
That will help you memorize the facts.

Q			\sqrt{a}		memorize the facts.
	244 		2495	(()	24세()=

a. Play the Math.

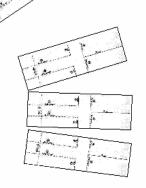

How fast can you say your math facts? Time yourself with the ...

Helitimer

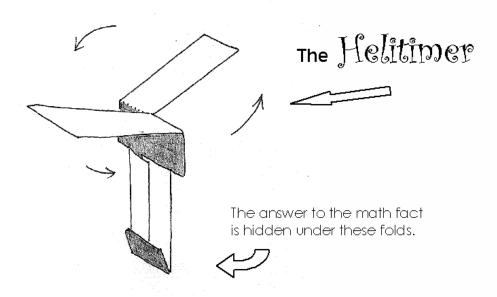

Cut along the solid lines and fold along the dotted lines as directed to make the Helitimers on each of the next two pages.

Hold the Helitimer as high as you can and drop it. It should twirl down to the ground.

Color/decorate your Helitimer

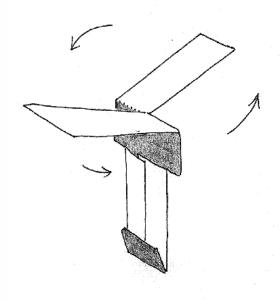

Give the correct answer to the math fact on the Helitimer before the Helitimer hits the ground.

X-Ray Vision

FOLD ALONG LINE

Fold this sheet neatly and evenly in half, with the printed side on the outside. Solve as many of the problems as you can in 90 seconds. When you are done, hold the folded paper - problem side facing you - up to the light. You will see the correct answers through the paper. Check your answers! If you have trouble seeing through the paper, press the two halves of the paper closer together.

11 3 10 5 10 6 11

11 10 9 6 7 7 8

3. Work the Math.

1st 90 Seconds of Math

The next three pages have timed drills. Do these problems with a stop-watch. How many can you get right in 90 seconds? Try to beat your own score on each page.

HOLD UP to the Light to CHECK answers

3. Work the Math. 2nd sheet

Fold this sheet neatly and evenly in half, with the printed side on the outside. Solve as many of the problems as you can in **90 seconds**. When you are done, hold the folded paper - problem side facing you - up to the light. You will see the correct answers through the paper. **Check your answers!** If you have trouble seeing through the paper, press the two halves of the paper closer together.
